

**BP Canada**

They say you can't please everyone, but we beg to differ. BP Canada's NEW WHITE CAP hip & ridge shingles will delight homeowners and roofing professionals alike. Homeowners will fall in love with WHITE CAP's colour palette designed to match existing BP laminated shingles and their choice of one, two, or three-layer application for a truly customized look. Roofing professionals will be just as thrilled with WHITE CAP's pre-scored E-Z FOLD design, allowing for a no-knife, quick and flawless installation. Available April, 2021.

**Enmon**

Point Grey Collection is inspired by the West Coast iconic coastal lifestyle and features the newest innovation in floor surface technology, blending natural elements of limestone powder and virgin PVC. Not only is it 100% waterproof and fire resistant, but it also provides dimensional stability, durability, and impact resistance up to 20 times that of current laminate flooring technology. The crafted look of natural wood and texture with micro-beveled edges gives this product the luxurious appearance of solid hardwood flooring. Attached underlayment not only saves installation time but also provides acoustical benefits in the room below and gives comfort underfoot.

TRIMBLE - POINT GREY

**EVOpaint**

Roll out the Truth EVOpaint – The World's First and Only one-coat paint never requires a primer or second coat for any colour combination or on new drywall. As a bonus, EVOpaint prevents maximum life-cycle waste, making it the only sustainable paint system because you can never paint less than one coat. Freedom from multiple coats and heavy carrying costs is here. Self-Build Technology™ is changing the way the world thinks about painting. This is the “End Game”, finally customers everywhere can own the paint aisle again! EVOpaint™ - NOT a “Paint and Primer in one can.”
